Bamboo

Plank

A high-angle photograph of a wooden floor with a black table. On the table are a glass vase with a single white flower, a plate with a striped cloth, and a set of keys. A glass of water is on the floor in the bottom left. A striped pillow with two small landscape photos is also visible in the bottom left.

THE BEAUTY OF WOODEN FLOORING LIES IN ITS
ABILITY TO AGE GRACEFULLY, JUST LIKE THE
MEMORIES MADE UPON IT.

Series

Solid Hardwood Flooring

Solid wood flooring is a timeless choice, offering unmatched beauty, durability, and warmth.

Made from a single piece of natural wood, it boasts exceptional strength and can be sanded and refinished multiple times, ensuring decades of use.

KAARA solid wood flooring is crafted in 18mm thickness and comes in a variety of wood species like oak, teak and walnut, with various colors and finishes to suit any style. Beyond aesthetics, it provides natural insulation, noise reduction, and eco-friendly sustainability.

Asian Walnut
18 x 120 x 400-1200 mm

American Walnut
18 x 125 x 400-1200 mm

Kaya Kuku
18 x 120 x 400-1200 mm

Merbau
18 x 120 x 400-1200 mm

Carbonized Bamboo

Series

Bamboo Flooring

Strandwoven bamboo flooring is a highly durable and eco-friendly alternative to traditional flooring. It's harder than most hardwoods, moisture-resistant, and ideal for high-traffic areas. Made from compressed bamboo fibers, it offers long-lasting performance, stylish designs, and sustainability, as bamboo regenerates quickly compared to hardwood trees. Affordable and low-maintenance, it's an excellent choice for both homes and commercial spaces.

Size: 14mm x 132mm x 1850mm

Natural
14 x 132 x 1850 mm

Carbonized
14 x 132 x 1850 mm
